LEADERSHIP THOUGHTS

THE SUMMER SELLING SEASON

"The difference between a successful person and others is not a lack of strength, not a lack of knowledge, but rather a lack in will." - Vince Lombardi

I love that quote from Coach Lombardi. I can think of several examples I have witnessed in my professional life where the smaller competitor, the guerrilla style marketer, or the simply "obsessed" sales organization overcame massive obstacles and realized tremendous success seemingly by just willing it to be so. But it is more than just the will to win. It also requires the will to invest, the will to plan, the will to learn from both failure and success.

The first trimester brought overall strong results for our branches overall growing CE Volume by 4.2%, net sales revenue by 4.9%, and gross profits by almost 6%. While we are happy about the start of the year, we are keenly aware of the hurdles and challenges that lie ahead as we roll into the summer. Our main competitor has seen some improvement in total market share mostly through their emphasis on Michelob Ultra and Busch Light. No doubt, we have a tough fight ahead of us as they continue to discount aggressively and shift consumers to other brands in their portfolio.

The good news is that together we have everything necessary to deliver a win for our stakeholders. Through the GBB Momentum Flywheel framework, we have spent the past year developing our portfolio of influential brands. We have focused on developing our people, refining our internal processes, and executing at retail to deliver differentiated results. Through our partnership, I am confident that we have the strength, knowledge, and the will to be successful. As your distributor, we are committed to working hard alongside you to execute the plans we have made and ensure our mutual success. We are grateful to you for all that you do to support us and help to make us better. Which brings me to something else Coach once said:

"Individual commitment to a group effort - that is what makes a team work, a company work, a society work, a civilization work."

Thanks for all that you have done in the first trimester to support us. We look forward to working with you as we win the summer!
